**Hiring Manager World Food Programme (WFP)**

Kinshasa, Democratic Republic of Congo

Kinshasa, 20 sept 2025

**Subject:** Application for the position of Partnerships Officer (Reporting) SC-8

Dear Hiring Manager,

My personal and professional journey has prepared me to contribute meaningfully to the World Food Programme's mission in Kinshasa. Having grown up in Goma, a region defined by conflict and resilience, I witnessed firsthand the critical importance of humanitarian aid. This personal experience fueled my commitment to help vulnerable communities, leading me to actively participate in assistance projects for displaced persons and inspiring me to align my technical skills with a humanitarian purpose.

My background in Computer Engineering and my extensive experience in data management are perfectly suited for the technical demands of this role. As a consultant for the National School of Administration (ENA) and the Ministry of Public Service, I led a key project to modernize their information systems. By collaborating closely with senior leadership and leveraging advanced tools, I successfully implemented an intelligent platform that automated data retrieval and generated precise reports. This initiative transformed raw data into strategic insights, directly assisting the leadership in making more informed decisions.

The WFP's mission requires a unique blend of technical expertise and interpersonal skills. My experience has honed my ability to adapt to non-technical audiences and lead with empathy, fostering strong collaboration within diverse teams. I am confident that my proven skills in reporting, data analysis, and project management, combined with my personal dedication, will enable me to significantly contribute to the quality and consistency of the WFP's operational information.

I am eager to apply my skills to support the essential work of the World Food Programme in the Democratic Republic of Congo. Thank you for your time and consideration.

Sincerely,

Sheria Gachaba
